2021 Premium Book in Memory of Paul Fox

Paul Fox was a dedicated member of Monmouth Fair for many decades. During the fair he was easy to spot with his "unique" hat. Over the years, he was responsible for several areas including; making sure the grounds were ready for the fair, getting vendors set up around the fair grounds, and taking items in for winter storage. Given his proximity, he always kept a watchful eye on the fair grounds. There was very little that happened there that he did not know about.

Not only was Paul a lifelong member, but he also got his sons Curtis and Kevin involved, and in recent years his grandsons Christof and Alex.

Paul did not just enjoy Monmouth Fair. He also enjoyed going to all the other agricultural fairs in Maine. No matter what fair you went to, if you said you were affiliated with Monmouth Fair, the person related the fair to Paul.

In addition to Monmouth Fair, Paul served as a director on the Maine Association of Agricultural Fairs. He also was on the Monmouth Fire Department over 60 years, 9 of those as chief.

Paul's absence at the fair-grounds will certainly be felt by all fair members. Many thanks to Paul for all his dedicated years to Monmouth Fair.

RULES AND REGULATIONS GENERAL

All CDC regulations and guidelines for COVID-19 need to be followed including face coverings and social distancing.

Admission is by payment or pass only.

Livestock exhibitors are admitted with driver & one assistant.

Only certified service dogs are allowed on the grounds.

All protests/demonstrations are limited to the designated protest area.

CONCESSIONS & VENDORS

Electrical service

Electrical charges are assessed on the basis of load requirements and demands.

Concessions will be responsible for the condition of electrical cords and running them to the hook-up panel as directed by the Superintendent of Electricity.

Only the Supt. of Electricity and his assistants shall hook up power cords on the grounds. He has full authority to reject any equipment or wiring not suitable for use on the grounds and his decisions are final.

Since power is limited in view of the increasing use of electrical equipment, power will be distributed in the best interests of the Fair. The Supt. of Electricity will make the final decisions on the distribution of electricity in the consideration of safety and load factors.

PREMIUMS & BILLS

1. All Premiums from the Cochnewagan Agricultural Association will be paid within 60 days from the date of the Fair.

2. If the Fair income receipts are not enough to pay the premiums they will be paid pro rata to receipts.

LIVESTOCK EXHIBITORS' INFORMATION

1. Exhibitors of livestock will be admitted with their vehicle & one helper. All others will be charged regular admission. **Please be advised that on some days volunteers will be parking livestock trailers due to heavy livestock schedules. It is expected that you cooperate.**

2. A valid liability insurance certificate in the amount of \$1,000,000 naming the insured and the fair as the certificate holder shall be required of all open and 4-H livestock exhibitors. The certificate shall warrant that the policy may not be cancelled or changed without 10 days prior written notice to the fair. – OR – you may choose to join the Maine Association of Livestock Exhibitors which provides as a benefit the liability insurance required to exhibit at any Maine fair.

3. All stock entered for a premium must be labeled with the name of the owner, from what town trucked, breed and age, to be entitled to a premium. All entries must be made to the Secretary before 10 AM on day of showing. All stock must be constantly attended while at the fair either by the owner or his employees.

4. Any person entering borrowed animals, or making fraudulent representations in reference to his/her entry, will forfeit all premiums that may be awarded.

5. The Association will not be beholden for any accidents that may happen to persons, horses, autos, or any exhibits while on the Association grounds.

6. Members of the same firm or family or from the same farm will be regarded as one exhibitor.

7. Not over two premiums will be paid an exhibitor in any group; not over one in any herd or flock entry. An animal may enter as many classes as it is eligible to according to class and age.

8. Exercising of pulling animals will be limited to a designated area on the Fairgrounds in the interest of safety and cleanliness; this regulation will be strictly enforced.

9. Show cattle exhibitors/displays have priority for barn space. Oxen and horses may use the barns for tie up. Animals must be attended and area kept clean.

10. Monmouth fair is dedicated to providing agricultural education to the general public and supporting local agriculture. The Association, if it so chooses, may conduct livestock exhibitions & events by invitation only. In the case of an invitation only event, notice will be made to all member livestock clubs, in the premium book, and on the Monmouth Fair website.

JOINT OWNERSHIP OF LIVESTOCK

An animal owned in partnership, which partnership has been in existence 30 days prior to the date of closing entries, may be shown in the name of the part-owner, but the facts of the partnership must be stated at the time of entry, and the animal must appear in the same part-owner's name through all classes wherein entered.

If the results of such test show a reading of more than .05, a second test will be taken 15 minutes later. If the second test confirms a reading of more than .05 exhibitor will not be permitted to participate.

LIVESTOCK HEALTH REQUIREMENTS

Monmouth Fair's objective is to provide the spectating public with an extraordinary agricultural experience.

All animals regardless of age, size, or breed must be appropriate for public display. Monmouth Fair officials will make all final determinations on the acceptable condition of individual livestock for exhibition.

All Animals – Domestic animals or livestock offered for show or exhibition at any fair shall be free from any signs of infectious or contagious disease, including but not limited to ringworm, external parasites, foot rot, or shipping fever. Animals showing signs of dehydration, are gaunt, thin, lame, injured, or are not cleaned & groomed may not be exhibited. Monmouth Fair may utilize a licensed veterinarian to assist in health evaluations.

All livestock and poultry originating outside of the State of Maine must meet the requirements for entry into the State. An Official Certificate of Veterinary Inspection (OCVI) is required to import cattle, sheep, goats, swine, hatching eggs, and poultry. Equines must have an official certificate of negative Coggins test within 12 months. For details contact the DACF Animal Health office at 207-287-3701.

Failure to comply with these State regulations & Monmouth Fair standards will require removing the animal/s from the grounds immediately.

In spite of efforts by the Department of Agriculture, the Monmouth Fair officials, and the expertise of exhibitors the potential for exposure to disease exists. Therefore it is strongly recommended that exhibitors protect their flocks and herds by (1) appropriate vaccinations of show stock against contagious diseases under the supervision of a veterinarian and (2) an isolation period before re-introduction to the home flock, band, or herd.

In addition to the general requirements the following specific requirements will be enforced:

Cattle – warts will be classified as an infectious disease. Cattle from all counties may show without Brucellosis or tuberculin tests, providing the herd is not under quarantine. It is recommended that all show cattle, including 4-H, be vaccinated against I.B.R., P.1.3., and B.V.D.

Horses – The Commissioner shall require a negative Coggin's test, taken within 36 months, on all horses raced, exhibited or stabled on race tracks or fairgrounds where other horses are being raced, exhibited or stabled. Absolutely no horse will be permitted to show without proof of a negative Coggin's test and such reports shall be available for inspection by an agent of the Commissioner of Agriculture upon request. Failure to furnish such reports shall exclude equines from the events.

Monmouth Fair strongly recommends that all equine for exhibition or competition be vaccinated for EEE, WNV & Rabies.

Swine – Although not required, it is recommended that Swine originating from Maine shall be from a Certified Brucellosis Free Herd.

All Swine must be permanently identified.

Poultry – All poultry shall originate from flocks that have an official Pullorum-typhoid clean rating.

Sheep & Goats - All sheep and goats must have a USDA approved identification: ear tag, tattoo or microchip for registered animals, to exhibit.
