## ***In Memory of Curtis Fox***

Curtis Fox was a longtime member of the Monmouth Fair, whose presence enriched the community over the years. His responsibilities spanned various areas and events, showcasing his dedication and versatility. Most recently, Curtis could be found in the fair's museum where he shared his passion for antique engines and all things old and mechanical. As a lifelong resident of Monmouth, Curtis would often share interesting facts and stories from the community that helped to bring the exhibits at the museum to life. Curtis brought a unique charm to the fair as he skillfully invigorated mechanical relics.

Curtis had a talent for captivating audiences with his demonstrations, particularly when he would fire up a hit and miss engine. To the untrained ear, these machines might have sounded as if they were struggling to start, but in truth, they emitted a distinctive rhythmic “pop” and “chug” that indicated they were functioning perfectly. This self regulation ensured they never ran too fast and he would share this knowledge with everyone that took the time to stop and listen.

Above all, Curtis cherished the moments spent with his family at the fair. His grandchildren knew exactly where to find him and he always had a supply of Mountain Dew and salt and vinegar french fries. Curtis' legacy at the Monmouth Fair is not just in the engines he restored, but in the love and warmth he shared with his family and community. His legacy continues as his children and grandchildren continue to volunteer and enjoy the Monmouth Fair.

## LIVESTOCK EXHIBITORS' INFORMATION

1. Exhibitors of livestock will be admitted with their vehicle & one helper. All others will be charged regular admission. Please be advised that on some days volunteers will be parking livestock trailers due to heavy livestock schedules. It is expected that you cooperate.

2. A valid liability insurance certificate in the amount of \$1,000,000 naming the insured and the fair as the certificate holder shall be required of all open and 4-H livestock exhibitors. The certificate shall warrant that the policy may not be canceled or changed without 10 days prior written notice to the fair. – OR – you may choose to join the Maine Association of Livestock Exhibitors which provides as a benefit the liability insurance required to exhibit at any Maine fair.

3. All stock entered for a premium must be labeled with the name of the owner, from what town trucked, breed and age, to be entitled to a premium. All entries must be made to the Secretary before 10 AM on day of showing. All stock must be constantly attended while at the fair either by the owner or his employees.

4. Any person entering borrowed animals, or making fraudulent representations in reference to his/her entry, will forfeit all premiums that may be awarded.

5. The Association will not be beholden for any accidents that may happen to persons, horses, autos, or any exhibits while on the Association grounds.

6. Members of the same firm or family or from the same farm will be regarded as one exhibitor.

7. Not over two premiums will be paid to an exhibitor in any group; not over one in any herd or flock entry. An animal may enter as many classes as it is eligible to according to class and age.

8. Exercising of pulling animals will be limited to a designated area on the Fairgrounds in the interest of safety and cleanliness; this regulation will be strictly enforced.

9. Show cattle exhibitors/displays have priority for barn space. Oxen and horses may use the barns for tie up. Animals must be attended to and area kept clean.

10. Monmouth Fair is dedicated to providing agricultural education to the general public and supporting local agriculture. The Association, if it chooses, may conduct livestock exhibitions & events by invitation only. In the case of an invitation only event, notice will be made to all member livestock clubs, in the premium book, and on the Monmouth Fair website.

## JOINT OWNERSHIP OF LIVESTOCK

An animal owned in partnership, which partnership has been in existence 30 days prior to the date of closing entries, may be shown in the name of the part-owner, but the facts of the partnership must be stated at the time of entry, and the animal must appear in the same part-owner's name through all classes wherein entered.

## EXHIBITOR Demeanor

If the results of such a test show a reading of more than .05, a second test will be taken 15 minutes later. If the second test confirms a reading of more than .05 exhibitor will not be permitted to participate.

## LIVESTOCK HEALTH REQUIREMENTS

Monmouth Fair's objective is to provide the spectating public with an extraordinary agricultural experience.

All animals regardless of age, size, or breed must be appropriate for public display. Monmouth Fair officials will make all final determinations on the acceptable condition of individual livestock for exhibition.

**All Animals** – Domestic animals or livestock offered for show or exhibition at any fair shall be free from any signs of infectious or contagious disease, including but not limited to ringworm, external parasites, foot rot, or shipping fever. Animals showing signs of dehydration, are gaunt, thin, lame, injured, or are not cleaned & groomed may not be exhibited. Monmouth Fair may utilize a licensed veterinarian to assist in health evaluations.

All livestock and poultry originating outside of the State of Maine must meet the requirements for entry into the State. An Official Certificate of Veterinary Inspection (OCVI) is required to import cattle, sheep, goats, swine, hatching eggs, and poultry. Equines must have an official certificate of negative Coggins test within 12 months. For details contact the DACF Animal Health office at 207-287-3701.

**Failure to comply with these State regulations & Monmouth Fair standards will require removing the animal/s from the grounds immediately.**

In spite of the efforts by the Department of Agriculture, the Monmouth Fair officials, and the expertise of exhibitors the potential for exposure to disease exists. Therefore it is strongly recommended that exhibitors protect their flocks and herds by (1) appropriate vaccinations of show stock against contagious diseases under the supervision of a veterinarian and (2) an isolation period before re-introduction to the home flock, band, or herd.

In addition to the general requirements the following specific requirements will be enforced:

**Cattle** – warts will be classified as an infectious disease. Cattle from all counties may show without Brucellosis or tuberculin tests, providing the herd is not under quarantine. It is recommended that all show cattle, including 4-H, be vaccinated against I.B.R., P.1.3., and B.V.D.

**Horses** – The Commissioner shall require a negative Coggin's test, taken within 36 months, on all horses raced, exhibited or stabled on race tracks or fairgrounds where other horses are being raced, exhibited or stabled. Absolutely no horse will be permitted to show without proof of a negative Coggin's test and such reports shall be available for inspection by an agent of the Commissioner of Agriculture upon request. Failure to furnish such reports shall exclude equines from the events.

Monmouth Fair strongly recommends that all equine for exhibition or competition be vaccinated for EEE, WNV & Rabies.

**Swine** – Although not required, it is recommended that Swine originating from Maine shall be from a Certified Brucellosis Free Herd.

All Swine must be permanently identified.

**Poultry** - Per the Maine Dept. of Agriculture's recommendation regarding the outbreak of avian bird flu in Maine the Monmouth Fair will not be permitting any poultry on the fairgrounds for the 2025 fair.

Rule 1. All teamsters who are to compete in contests shall have their teams ready at the published starting time. All classes shall be closed after the positions are drawn. Classes shall start as nearly as possible to the published time.

Rule 2. Check weighing will be allowed prior to the official weigh-in. The official weigh-in shall start not earlier than 3 hours nor later than 1 ½ hours before the first class of the day starts. Teams must have on halters and shoes.

Rule 3. Measuring shall be in a straight line to the nearest point on the drag. Line-to-line measuring will be allowed. The front of the drag must touch the line before turning. To get the full-line measure the drag must be turned more than ½ way.

Rule 4. Teams shall stay hooked to the drag at all times. No unhitching and re-hitching will be allowed.

Rule 5. An actual separation, breaking or bending of equipment shall constitute a breakdown. Any team breaking down may take the distance pulled or return to the last position and pull over. Only one breakdown may be allowed.

Rule 6. Time for each pull will be published. Time starts when the drag is moved. The time limit to hook on in distance pulls shall be 3 minutes.

Rule 7. On Horses, the very light use of the reins on the hind quarters only and no over and under may be allowed. No whip, brads, or goads may be allowed. Reins shall not be doubled up. No electrical or electronic devices may be allowed. No open bridles may be allowed.

On oxen, the use of the goad shall be very light. The goad shall have no brad on it, only a plain yoke and chain or pole that may be pulled. All chains shall be covered to the hook. No plastic goads may be allowed. The goad stick must not be over 4 feet long and must not exceed ½ inch in diameter on the small end. The goad stick may be taped with friction tape but not weighted. The stick may be used lightly on the face to control the oxen but not around the eyes.

Rule 8. Any number of helpers will be allowed to help hitch. After hitch-on, there shall be only one helper. The helper shall stay behind the drag unless needed to help the teamster with snarls or turns. On oxen, the helper must stay behind the drag at all times after hitch-on. The helper shall not have a stick.

Rule 9. All participants shall be properly dressed. Proper language must be used at all times. Any participant under the influence of liquor shall be disqualified from the contest. Test may be made to determine intoxication. The drinking of intoxicating beverages by participants in and around the ring is prohibited.

Rule 10. The splitting of teams shall be decided by the fair association or other sponsor.

Rule 11. Use of drugs or stimulants on any competing animal is prohibited. The fair or person conducting the contest reserves the right to test any animal. The owner and teamster found to have used a drug on any competing animal shall be barred from pulling for 2 years as required by section 74, subsection 4.

Rule 12. No heading of horses or oxen may be allowed. Stepping over the rail counts as a hitch. Three minutes shall be allowed for hitching the drag. Elimination pulls will be 5 minutes 3 hitches but can be altered by Superintendent if deemed necessary and agreed to amongst teamsters and Superintendent. Time taken out to position the drag for the next pull shall not be counted. Teamsters may not be changed after the first load is pulled. Any team deliberately driven over the rail will be disqualified from the contest. In case of a tie on the longest distance, the 2nd longest distances already pulled will take first place. Evener men must remain quiet after hitching on. One inch pulled shall constitute a hitch.

Rule 13. There shall be no heading of horses after a pull starts unless there is a mix-up, snarl or breakdown.

Rule 14. Any animal which is thin, dehydrated, shows open sores or is lame shall be disqualified.

Rule 15. Before a team is allowed to pull, the owner shall provide a certificate of liability insurance in the amount of \$1,000,000.

Rule 16. Any situations that may arise and are not covered by these rules, the decision will be left to the discretion of the judges.

Rule 17. Only teams and teamsters that have not pulled professionally during this year's fair season are eligible to participate.

Rule 18. Twitching Contest – one horse per driver and only one horse from each team allowed in contest.

Rule 19. 25 foot rule. One minute to move drag 25 feet. If not, unhook and measurement will be taken.

Rule 20. 6 foot elimination if there is lack of weight, last pull will be determined by judges.
