Dedicated to Vern Ray

Vern Ray was a longtime member of the Monmouth Fair, having been involved in a number of different activities over the years.

He was born and raised on a dairy farm in Greene. He spent most of his life there helping his father with the milking, but his passion was for horses. Vern not only pulled his various horses at the fair - he could also be seen helping in the pulling ring, and for a couple of years, he gave wagon rides. He would always show up prior to the fair to help clean up the grounds and get things ready wherever needed. During the fair, you could always find him making new friends and telling them stories.

Vern not only volunteered at the Monmouth Fair, he could be found at Windsor, Topsham, Farmington, Fryeburg, Cumberland, and any other fair that needed his help. He was the quintessential farmer that you could go to if you had a question or concern about your animal, and he would be more than willing to help. His great-nephew has been getting increasingly more involved in the Monmouth Fair, which would make him proud.

Rules and Regulations

- Admission is by payment or pass only.
- Livestock exhibitors are admitted with driver & one assistant.
- Only certified service dogs are allowed on the grounds.
- All protests/demonstrations are limited to the designated protest area.

Parking & Camping

- Trucks, vans, and campers must be parked in designated areas only.
- All campers on grounds must register with the SUPERINTENDENT OF GROUNDS and will be charged \$35 per night rental (includes lodging tax).
- A dump station is available. Times and charges will be posted.

Concessions & Vendors

- Electrical charges are based on load requirements and demands.
- Concessions must ensure that electrical cords are in good condition and connected to the hookup panel as directed by the Electrical Superintendent.
- Only the Electrical Superintendent and their assistants are authorized to connect power cords on the grounds. The Superintendent has the authority to reject any unsuitable equipment or wiring and their decisions are final.

Premiums & Bills

- All premiums from Cochnewagan Agricultural Association will be paid within 60 days from the date of the fair.
- If the fair income receipts are not enough to pay the premiums, they will be paid pro rata to receipts.
- All bills must be received within 60 days of the fair or they will not be honored.

LIVESTOCK EXHIBITORS' INFORMATION

1. Exhibitors of livestock will be admitted with their vehicle and one helper. All others will be charged regular admission. Please be advised that on some days, volunteers will be parking livestock trailers due to heavy livestock schedules. It is expected that you cooperate.
2. A valid liability insurance certificate in the amount of \$1,000,000 naming the insured and the fair as the certificate holder shall be required of all open 4-H livestock exhibitors. The certificate shall warrant that the policy may not be canceled or changed without 10 days prior written notice to the fair— OR— you may choose to join the Maine Association of Livestock Exhibitors, which provides, as a benefit, the liability insurance required to exhibit at any Maine fair.
3. All stock entered for a premium must be labeled with the name of the owner, from what town trucked, breed, and age, to be entitled to a premium. All entries must be made to the Secretary before 10 AM on the day of showing. All stock must be constantly attended while at the fair by the owner or the owner's employees.
4. Any person entering borrowed animals or making fraudulent representations in reference to his/her entry will forfeit all premiums that may be awarded.
5. The Association will not be held liable for any accidents that may happen to persons, horses, autos, or any exhibits while on the Association grounds.
6. Members of the same firm or family, or from the same farm, will be regarded as one exhibitor.
7. Not over two premiums will be paid to an exhibitor in any group; not over one in any herd or flock entry. An animal may enter as many classes as it is eligible to according to class and age.

8. Exercising of pulling animals will be limited to a designated area on the Fairgrounds in the interest of safety and cleanliness; this regulation will be strictly enforced.

9. Show cattle exhibitors/displays have priority for barn space. Oxen and horses may use the barns for tie-up. Animals must be attended to, and the area kept clean.

10. Monmouth Fair is dedicated to providing agricultural education to the general public and supporting local agriculture. The Association, if it chooses, may conduct livestock exhibitions and events by invitation only. In the case of an invitation-only event, notice will be made to all member livestock clubs, in the premium book, and on the Monmouth Fair website.

JOINT OWNERSHIP OF LIVESTOCK

- An animal owned in partnership, which partnership has been in existence 30 days prior to the date of closing entries, may be shown in the name of the part-owner, but the facts of the partnership must be stated at the time of entry, and the animal must appear in the same part-owner's name through all classes wherein entered.

EXHIBITOR DEMEANOR

- Any livestock exhibitor not presenting and conducting themselves in a professional manner will be required to leave the grounds immediately and may be prohibited from exhibiting at the Monmouth Fair in the future
- No person may exhibit in any capacity while under the influence of any intoxicants. A breathalyzer test may be required for all drivers, teamsters, helpers, judges, & officials at each event. Whenever possible, Law Enforcement officers will perform all tests.
 - If the results of such a test show a reading of more than .05, a second test will be taken 15 minutes later. If the second test indicates a reading greater than .05, the exhibitor will not be permitted to participate.

2026 Fair and Show New England Health Certificates

For the 2026 Show and Fair Season, domesticated animals from New England states (CT, ME, MA, NH, RI, and VT) may be exhibited at fairs and shows in New England throughout the fair and show season using a single Official Certificate of Veterinary Inspection (OCVI) that meets the requirements outlined:

General Requirements (all NE states)

- A single OCVI from the animals' home state may be completed for travel to and from the New England states in which the animals will be exhibited.
- Multiple animals of the same species may be listed on one OCVI with appropriate individual IDs and descriptions.
- Animals of different species may not be listed on the same official health certificate.
- An itinerary of the names and locations for each New England fair or show at which the owner expects to show the listed animals and the dates when each animal is expected to be on each site must be prepared by the owner and presented to the veterinarian at the time the OCVI is written.
 - A copy of this planned itinerary must be attached to the OCVI (import and export) for it to be used for more than one fair or show.
 - That proposed list should be signed by the veterinarian and the owner/ exhibitor and reference the relevant OCVI number(s).
 - Electronic OCVIs must include this list of exhibition names, addresses, and dates in the "remarks and comments" section.
- The first show or fair where the listed animals will be exhibited will be the Consignee on the OCVI, as shown here: New England Fair Season Street address of first fair or show See Exhibition List.

2026 NE Exhibition Health Certificate Rules

- Exhibitors must keep an accurate list of the show locations and dates when their animals were physically on the show/fairgrounds. This record must be available to fair inspectors at each inspection and check-in.
- Any animal listed on an OCVI that becomes sick must remain home. Any animal that is refused entry to any exhibition during 2026 for health reasons must have a new OCVI issued by an accredited veterinarian within 30 days of the next fair or show where it will be exhibited.
- Any New England state may end their participation in this agreement and revert to the standard published requirements for livestock imports in the state at any time, in the event of foreign animal disease outbreak or changes to state legislation.

**Contact ME State Veterinarian's Office at
207-287-3701 with questions**

LIVESTOCK HEALTH REQUIREMENTS

- Monmouth Fair's objective is to provide the spectating public with an extraordinary agricultural experience.
- All animals, regardless of age, size, or breed, must be appropriate for public display. Monmouth Fair officials will make all final determinations on the acceptable condition of individual livestock for exhibition.
- All Animals – Domestic animals or livestock offered for show or exhibition at any fair shall be free from any signs of infectious or contagious disease, including but not limited to ringworm, external parasites, foot rot, or shipping fever. Animals showing signs of dehydration, are gaunt, thin, lame, injured, or are not cleaned & groomed may not be exhibited. Monmouth Fair may utilize a licensed veterinarian to assist in health evaluations.
- All livestock and poultry originating outside of the State of Maine must meet the requirements for entry into the State. An Official Certificate of Veterinary Inspection (OCVI) is required to import cattle, sheep, goats, swine, hatching eggs, and poultry. Equines must have an official certificate of a negative Coggins test dated within the past 12 months. For details, contact the DACF Animal Health office at 207-287-3701.

**Failure to comply with these State regulations
& Monmouth Fair standards will require
removing the animal(s) from the grounds
immediately.**

Despite the efforts of the Department of Agriculture, the Monmouth Fair officials, and exhibitors' expertise, there is still potential for exposure to disease. Therefore, it is strongly recommended that exhibitors protect their flocks and herds by (1) appropriate vaccinations of show stock against contagious diseases under the supervision of a veterinarian and (2) an isolation period before re-introduction to the home flock, band, or herd. In addition to the general requirements, the following specific requirements will be enforced:

- Cattle: Warts will be classified as an infectious disease. Cattle from all counties may show without Brucellosis or tuberculin tests, provided the herd is not under quarantine. It is recommended that all show cattle, including 4-H, be vaccinated against I.B.R., P.1.3., and B.V.D.
- Horses: The Commissioner shall require a negative Coggin's test, taken within 36 months, on all horses raced, exhibited, or stabled on race tracks or fairgrounds where other horses are being raced, exhibited, or stabled. Absolutely no horse will be permitted to show without proof of a negative Coggin's test, and such reports shall be available for inspection by an agent of the Commissioner of Agriculture upon request. Failure to furnish such reports shall exclude equines from the events.
 - Monmouth Fair strongly recommends that all equine for exhibition or competition be vaccinated for EEE, WNV & Rabies.
- Swine: Although not required, it is recommended that Swine originating from Maine shall be from a Certified Brucellosis Free Herd.
 - All Swine must be permanently identified.
- Poultry: Due to the continued threat of Highly Pathogenic Avian Influenza (HPAI), there will be no poultry permitted on the fairgrounds for exhibition, competition, or sale this year.
- Sheep & Goats: All sheep and goats must have a USDA-approved identification: ear tag, tattoo, or microchip for registered animals, to exhibit.

RULES TO GOVERN FARMERS'

STEER & OXEN PULL

1. All teams are required to weigh in prior to the official start of the Farmers' Pull. At which time, teamsters must show proof of liability insurance of no less than \$1,000,000.
2. Breakdown of weight classes will be determined by the superintendent of the pull.
3. All teams & teamsters must be ready at the event's announced time. All classes are officially closed ½ hour before the published pull time.
4. There will be light use of sticks to get teams started when turning and during the actual pulling process.
5. A goad stick must be made of wood only. They need to be no longer than 4 feet & ½ inch in diameter on the small end of the stick. The stick may be tapered. No weighted sticks allowed. Chains must be covered to the hook.
6. Teamsters may have one helper to hook the chain onto the drag. The helper may follow the drag. The helper is not allowed to have a stick. The helper must remain quiet during the pull.
7. Teams must remain hooked to the drag at all times. If unhooked intentionally, then the team will be pinned at that spot. That is a completed pull.
8. Time limits for classes will be announced at the teamsters' meeting prior to the start of the event. Time will start when the drag is moved.
9. When measuring, it must be in a straight line to the nearest point on the drag. The front of the drag must touch the line before making a turn. The drag must be turned more than ½ way or the back of the drag must be over the line to get a full line measure.
10. If a breakdown occurs, the teamster may take the distance they have pulled thus far, or they may go to the end of the line & have a second try.
11. All teamsters are required to be dressed appropriately. They have to use proper language at all times. Any participant under the influence of alcohol or other substances will be disqualified. There is no drinking of any alcohol in or around the ring by any participant of the event.
12. Any animal that the superintendent deems too thin or appears dehydrated will be disqualified. Animals with open sores or that are lame will be disqualified.

13. Any participant in the Farmers' Pull must be show steers or oxen. Show steers or oxen are considered those that do Farmers' Pulls only. Open teamsters or their team(s) are not allowed to pull in an open pull for a full calendar year before entering a Farmers' Pull.
14. The 25-foot rule will be in effect.
15. Men, women, & youth (no younger than 9 years of age as of January 1 of the current year) will be eligible to pull in the Farmers' Pull.
16. There will be no halters or ropes allowed on the steers or oxen in the ring. Animals must be under control at all times.
17. Running with teams will not be permitted.
18. Cattle must be clean & presentable.
19. There will be NO WARNINGS for excessive use of goads or language.
20. Anyone who does not abide by these rules will be disqualified.

RULES TO GOVERN OXEN AND DRAFT HORSE PULLING COMPETITIONS

**All animals must have permanent identification:
a chip, tattoo, brand, or ear tag.**

1. All teamsters competing in contests shall have their teams ready at the published starting time. All classes shall be closed after the positions are drawn. Classes shall start as nearly as possible to the published time.
2. Check weighing will be allowed prior to the official weigh-in. The official weigh-in shall start no earlier than 3 hours and no later than 1 ½ hours before the first class of the day starts. Teams must have halters on and shoes.
3. Measuring shall be in a straight line to the nearest point on the drag. Line-to-line measuring will be allowed. The front of the drag must touch the line before turning. To get the full-line measure, the drag must be turned more than ½ way.
4. Teams shall stay hooked to the drag at all times. No unhitching and re-hitching will be allowed.
5. An actual separation, breaking, or bending of equipment shall constitute a breakdown. Any team breaking down may take the distance pulled or return to the last position and pull over. Only one breakdown may be allowed.
6. Time for each pull will be published. Time starts when the drag is moved. The time limit for hook-on distance pulls shall be 3 minutes.
7. On horses, the very light use of the reins on the hind quarters only and no over and under, may be allowed. No whip, brads, or goads may be allowed. Reins shall not be doubled up. No electrical or electronic devices may be allowed. No open bridles may be allowed. On oxen, the use of the goad shall be very light. The goad shall have no brad on it, only a plain yoke and chain or pole that may be pulled. All chains shall be covered to the hook. No plastic goads may be allowed. The goad stick must not be over 4 feet long and must not exceed ½ inch in diameter on the small end. The goad stick may be taped with friction tape but not weighted. The stick may be used lightly on the face to control the oxen, but not around the eyes.
8. Any number of helpers will be allowed to help hitch. After hitching on, there shall be only one helper. The helper shall stay behind the drag unless needed to help the teamster with snarls or turns. On oxen, the helper must stay behind the drag at all times after hitch-on. The helper shall not have a stick.

9. All participants shall be properly dressed. Proper language must be used at all times. Any participant under the influence of liquor shall be disqualified from the contest. Tests may be made to determine intoxication. The drinking of intoxicating beverages by participants in and around the ring is prohibited.
10. The splitting of teams shall be decided by the fair association or other sponsor.
11. Use of drugs or stimulants on any competing animal is prohibited. The fair or person conducting the contest reserves the right to test any animal. The owner and teamster found to have used a drug on any competing animal shall be barred from pulling for 2 years as required by section 74, subsection 4.
12. No heading of horses or oxen may be allowed. Stepping over the rail counts as a hitch. Three minutes shall be allowed for hitching the drag. Elimination pulls will be 5 minutes and 3 hitches, but can be altered by the Superintendent if deemed necessary and agreed to by the teamsters and the Superintendent. Time taken out to position the drag for the next pull shall not be counted. Teamsters may not be changed after the first load is pulled. Any team deliberately driven over the rail will be disqualified from the contest. In case of a tie on the longest distance, the 2nd longest distances already pulled will take first place. Evener men must remain quiet after hitching on. One inch pulled shall constitute a hitch.
13. There shall be no heading of horses after a pull starts unless there is a mix-up, snarl, or breakdown.
14. Any animal that is thin, dehydrated, shows open sores, or is lame shall be disqualified.
15. Before a team is allowed to pull, the owner shall provide a certificate of liability insurance in the amount of \$1,000,000.
16. In any situations that may arise and are not covered by these rules, the decision will be left to the judges' discretion.
17. Teamsters are allowed to pull in both the Farmer's and Open; the cattle however cannot. Once an animal competes in the Open, the animal(s) must wait until the next season to compete in Farmer's. This rule does not apply to youth.
18. Twitching Contest – one horse per driver and only one horse from each team allowed in the contest.
19. 25-foot rule. One minute to move, drag 25 feet. If not, unhook and measurement will be taken.
20. 6-foot elimination if there is a lack of weight, the last pull will be determined by judges.
